

Supply List for “Intro to Thread Painting Landscapes”

We will keep this project small so that you can get all of it finished in a one day workshop so small bits and scraps work well

- ✂ Fat quarter of a very dark fabric for your tree, ground (can be just black if a sunrise/sunset)
- ✂ Fat quarter of a fabric for your background sky/water (oranges, purples, burgundy work for sunrise sunset- blues sky for a day light scene-
- ✂ Optional-Scraps of a dark medium for rocks foreground or island rocks in water or daytime scenes can be grasses. Be adventurous with this!
- ✂ ½ meter of a Fusible product -do **not** use Steam a seam as the parchment paper will not stay in place for the length of time you need it while you are cutting out a tree.
Heat and Bond lite or Wonder Under work well
 - white school glue to glue down foreground, rocks, etc..
- ✂ Threads-Black-or colour to match your tree colour as well as other landscape colours in greens, browns, blues- in cotton or polyester threads.
- ✂ bobbin weight thread polyester thread (or pre-wound polyester bobbins) in colours to blend with your top stitching threads.
- ✂ Size 80/12 and 90/14 topstitch sewing machine needles
- ✂ Heavy weight Tear away stabilizer (big enough to back your tree and anything else you are thread playing) I suggest at least .5 of a meter
- ✂ Sewing Machine with free motion capabilities and well cleaned and oiled, with your sewing machine manual, Optional-pillow to sit on, and table top light
- ✂ Extension cord
- ✂ Free motion darning foot
- ✂ Basic sewing kit-pins, seam ripper, small scissors-both paper and fabric, quilting gloves for free motion sewing, if you wish
- ✂ Rotary cutter, 6x 24 inch ruler, and cutting mat (a small one will work)
- ✂ Scraps of fabric and batting to practice stitches and tension on
- ✂ Border, backing and batting will vary on your size of project you choose but you may not get to this stage in the workshop time allowance, so fabric amount are not included but judge yourself accordingly- if you have some experience with thread play it may be possible to need this!

Patterns will be given out for a few different small trees to choose from.

If you have any questions regarding this list please call me at (250) 756-1683
